

Internet Based Clipping - Live Production –7th March 2011

TSL has been at the heart of the broadcast industry for 25 years and operates two separate businesses - an international, independent broadcast systems

integrator and a Professional Products Group that designs, manufactures and sells worldwide a unique range of TSL-branded products. Making its world debut is the PAM1-3G16. The natural evolution of the PAM1-3G8, this new addition to the PAM product family combines the size and convenience of the original 1RU multichannel audio monitoring unit with a full 16 bargraph display and many of the advanced features of the multi-award winning PAM2-3G16, such as Loudness Measurement, Preset Standard Switching and advance monitoring mode selection.
